| Host                        | Goat                                                                                                                                                                                                                                                              |
| Gene ID                     | 6354                                                                                                                                                                                                                                                              |
| Gene Symbol                 | CCL7                                                                                                                                                                                                                                                              |
| Species                     | Human                                                                                                                                                                                                                                                             |
| Specificity/Sensitivity     | Detects human CCL7/MCP-3/MARC in direct ELISAs and Western blots. In these formats, less than 20% cross-reactivity with recombinant human (rh) Eotaxin is observed and less than 5% cross-reactivity with rhMCP-2, rhMCP-1, and recombinant mouse JE is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human CCL7/MCP-3/MARC (R&D Systems, Catalog # 282-P3)<br>Gln34-Leu109<br>Accession # Q7Z7Q8                                                                                                                                   |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                 |
| Product Application Details |                                                                                                                                                                                                                                                                   |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                                                                      |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                            |
