| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                         |
| Isotype                     | IgG                                                                                                                                                                                                                        |
| Conjugate                   | DyLight 488                                                                                                                                                                                                                |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                  |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                         |
| Product Description         |                                                                                                                                                                                                                            |
| Host                        | Goat                                                                                                                                                                                                                       |
| Gene ID                     | 3592                                                                                                                                                                                                                       |
| Gene Symbol                 | IL12A                                                                                                                                                                                                                      |
| Species                     | Mouse                                                                                                                                                                                                                      |
| Specificity/Sensitivity     | Detects mouse IL-12 in direct ELISAs and Western blots. In direct ELISAs and Western blots (non-reducing and reducing conditions), this antibody shows less than 10% cross-reactivity with recombinant human IL-12.        |
| Immunogen                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant mouse IL-12;12<br>Mouse IL-12 heterodimer: Mouse IL-12 p40 (Met23-Ser335) Accession # P43432, Mouse IL-12 p35 (Arg23-Ala215) Accession # NP_032377 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                          |
| Product Application Details |                                                                                                                                                                                                                            |
| Applications                | Western Blot, Neutralization                                                                                                                                                                                               |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                                                                                                               |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                     |
