| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                    |
| Isotype                     | IgG                                                                                                                                                                                                                                   |
| Conjugate                   | mFluor Violet 450 SE                                                                                                                                                                                                                  |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                             |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                    |
| Product Description         |                                                                                                                                                                                                                                       |
| Host                        | Goat                                                                                                                                                                                                                                  |
| Gene ID                     | 2920                                                                                                                                                                                                                                  |
| Gene Symbol                 | CXCL2                                                                                                                                                                                                                                 |
| Species                     | Mouse                                                                                                                                                                                                                                 |
| Specificity/Sensitivity     | Detects mouse CXCL2/MIP-2 in direct ELISAs and Western blots. In direct ELISAs, less than 10% cross-reactivity with recombinant human (rh) GRO $\beta$ , recombinant mouse (rm) GRO $\gamma$ , rmKC and rmLIX is observed.            |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse CXCL2/MIP-2<br>Ala28-Asn100<br>Accession # P10889                                                                                                                                           |
| Notes                       | mFluor(TM) is a trademark of AAT Bioquest, Inc. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet. |
| Product Application Details |                                                                                                                                                                                                                                       |
| Applications                | Immunohistochemistry, Immunocytochemistry, Neutralization                                                                                                                                                                             |
| Recommended Dilutions       | Immunohistochemistry, Neutralization, Immunocytochemistry                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                |
