| <b>Gene Symbol</b>                 | EREG                                                                                                                                                                                                                                                  |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects mouse Epiregulin in direct ELISAs and Western blots. In direct ELISAs, approximately 40% cross-reactivity with recombinant human Epiregulin is observed. In Western blots, recombinant mouse Proepiregulin and mature Epiregulin is detected. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant mouse Epiregulin<br>Val56-Leu101<br>Accession # Q61521                                                                                                                                                            |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                     |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                       |
| <b>Applications</b>                | Western Blot, Neutralization                                                                                                                                                                                                                          |
| <b>Recommended Dilutions</b>       | Western Blot, Neutralization                                                                                                                                                                                                                          |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                |
