| Clonality                   | Polyclonal                                                                                                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                              |
| Isotype                     | IgG                                                                                                                                                                                                                                                             |
| Conjugate                   | DyLight 550                                                                                                                                                                                                                                                     |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                                                                                                 |
| Host                        | Goat                                                                                                                                                                                                                                                            |
| Gene ID                     | 8778                                                                                                                                                                                                                                                            |
| Gene Symbol                 | SIGLEC5                                                                                                                                                                                                                                                         |
| Species                     | Human                                                                                                                                                                                                                                                           |
| Specificity/Sensitivity     | Detects human Siglec-5/14 in direct ELISAs and Western blots. In direct ELISAs, approximately 5% cross-reactivity with recombinant human (rh) Siglec-7 and rhSiglec-9 is observed and less than 1% cross-reactivity with rhSiglec-2 and rhSiglec-3 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Siglec-5 Glu17-Thr434<br>Accession # O15389                                                                                                                                                               |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                               |
| Product Application Details |                                                                                                                                                                                                                                                                 |
| Applications                | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready, Neutralization                                                                                                                                                                                 |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, Neutralization, CyTOF-ready                                                                                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                          |
