| Clonality                   | Polyclonal                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                 |
| Isotype                     | IgG                                                                                                                                                |
| Conjugate                   | DyLight 550                                                                                                                                        |
| Purity                      | Antigen Affinity-purified                                                                                                                          |
| Buffer                      | 50mM Sodium Borate                                                                                                                                 |
| Product Description         |                                                                                                                                                    |
| Host                        | Goat                                                                                                                                               |
| Gene ID                     | 6423                                                                                                                                               |
| Gene Symbol                 | SFRP2                                                                                                                                              |
| Species                     | Mouse                                                                                                                                              |
| Specificity/Sensitivity     | Detects mouse sFRP-2 in direct ELISAs and Western blots. In these formats, less than 1% cross-reactivity with recombinant human SARP2 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse sFRP-2 (R&D Systems, Catalog # 1169-FR)<br>Leu25-Cys295<br>Accession # AAB70795              |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                  |
| Product Application Details |                                                                                                                                                    |
| Applications                | Western Blot                                                                                                                                       |
| Recommended Dilutions       | Western Blot                                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                             |
