| Host                        | Goat                                                                                                                                                                                                                                                                 |
| Gene ID                     | 83700                                                                                                                                                                                                                                                                |
| Gene Symbol                 | JAM3                                                                                                                                                                                                                                                                 |
| Species                     | Human                                                                                                                                                                                                                                                                |
| Specificity/Sensitivity     | Detects human JAM-C in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 75% cross-reactivity with recombinant mouse (rm) JAM-C is observed and less than 1% cross-reactivity with recombinant human JAM-1 and rmJAM-1 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human JAM-C Val32-Asn241 (Ala149Pro)<br>Accession # Q9BX67                                                                                                                                                           |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                    |
| Product Application Details |                                                                                                                                                                                                                                                                      |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready, Neutralization                                                                                                                                                                                                            |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Neutralization, CyTOF-ready                                                                                                                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                               |
