| <b>Isotype</b>                     | IgG                                                                                                                                                                                                       |
| <b>Conjugate</b>                   | HRP                                                                                                                                                                                                       |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                                 |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                                       |
| <b>Product Description</b>         |                                                                                                                                                                                                           |
| <b>Host</b>                        | Goat                                                                                                                                                                                                      |
| <b>Gene ID</b>                     | 3490                                                                                                                                                                                                      |
| <b>Gene Symbol</b>                 | IGFBP7                                                                                                                                                                                                    |
| <b>Species</b>                     | Human                                                                                                                                                                                                     |
| <b>Specificity/Sensitivity</b>     | Detects human IGFBP-rp1 in direct ELISAs and Western blots. In direct ELISAs, less than 5% cross-reactivity with recombinant human (rh) IGFBP-L1, rhIGFBP-rp10 and recombinant mouse IGFBP-7 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human IGFBP-rp1 Arg98-Arg277<br>Accession # AAA16187                                                                                                      |
| <b>Product Application Details</b> |                                                                                                                                                                                                           |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                                        |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                                        |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                    |
