| Product Information         |                                                                                                                       |
|-----------------------------|-----------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                           |
| Storage                     | Store at 4C in the dark.                                                                                              |
| Clonality                   | Polyclonal                                                                                                            |
| Preservative                | 0.05% Sodium Azide                                                                                                    |
| Isotype                     | IgG                                                                                                                   |
| Conjugate                   | DyLight 680                                                                                                           |
| Purity                      | Antigen Affinity-purified                                                                                             |
| Buffer                      | 50mM Sodium Borate                                                                                                    |
| Product Description         |                                                                                                                       |
| Host                        | Goat                                                                                                                  |
| Gene ID                     | 170482                                                                                                                |
| Gene Symbol                 | CLEC4C                                                                                                                |
| Species                     | Human                                                                                                                 |
| Specificity/Sensitivity     | Detects human DLEC/CLEC4C/BDCA $\square$ 2 in direct ELISAs and Western blots.                                        |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human DLEC/CLEC4C/BDCA $\square$ 2 Phe46-Ile213<br>Accession # Q8WTT0 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                     |
| Product Application Details |                                                                                                                       |
| Applications                | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready                                                       |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                |
