| Clonality                   | Polyclonal                                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                                  |
| Conjugate                   | Janelia Fluor 525                                                                                                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                   |
| Product Description         |                                                                                                                                                                                      |
| Host                        | Goat                                                                                                                                                                                 |
| Gene ID                     | 2623                                                                                                                                                                                 |
| Gene Symbol                 | GATA1                                                                                                                                                                                |
| Species                     | Human                                                                                                                                                                                |
| Specificity/Sensitivity     | Detects human GATA-1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, this antibody shows less than 1% cross-reactivity with rhGATA-2, rhGATA-5 and rhGATA-6. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human GATA-1<br>Met1-Ser413<br>Accession # P15976                                                                                                |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                |
| Product Application Details |                                                                                                                                                                                      |
| Applications                | Western Blot                                                                                                                                                                         |
| Recommended Dilutions       | Western Blot                                                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                               |
