SR-AI/MSR Antibody [FITC]

| Product Information         |                                                                                                      |
|-----------------------------|------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                               |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.          |
| Storage                     | Store at 4C in the dark.                                                                             |
| Clonality                   | Polyclonal                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                   |
| Isotype                     | IgG                                                                                                  |
| Conjugate                   | FITC                                                                                                 |
| Purity                      | Antigen Affinity-purified                                                                            |
| Buffer                      | PBS                                                                                                  |
| Product Description         |                                                                                                      |
| Host                        | Goat                                                                                                 |
| Gene ID                     | 4481                                                                                                 |
| Gene Symbol                 | MSR1                                                                                                 |
| Species                     | Mouse                                                                                                |
| Specificity/Sensitivity     | Detects mouse SR-A1/MSR in direct ELISAs and Western blots.                                          |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse SR-AI/MSR Trp79-Ser454<br>Accession # AAA39747 |
| Product Application Details |                                                                                                      |
| Applications                | Western Blot, Blockade of Receptor-ligand Interaction                                                |
| Recommended Dilutions       | Western Blot, Blockade of Receptor-ligand Interaction                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                               |
