| Storage                     | Store at 4C in the dark.                                                                                                                                                                       |
| Clonality                   | Polyclonal                                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                             |
| Isotype                     | IgG                                                                                                                                                                                            |
| Conjugate                   | DyLight 680                                                                                                                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                                |
| Host                        | Goat                                                                                                                                                                                           |
| Gene ID                     | 2214                                                                                                                                                                                           |
| Gene Symbol                 | Fcgr3                                                                                                                                                                                          |
| Species                     | Mouse                                                                                                                                                                                          |
| Specificity/Sensitivity     | Detects Fcγ RIIIA/B (CD16) in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 5% cross-reactivity with recombinant human (rh) Fcγ RIIIB and rhCD32 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Fcγ RIII Ala31-Thr215<br>Accession # P08508                                                                                              |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                              |
| Product Application Details |                                                                                                                                                                                                |
| Applications                | Western Blot, Blockade of Receptor-ligand Interaction, Immunocytochemistry                                                                                                                     |
| Recommended Dilutions       | Western Blot, Blockade of Receptor-ligand Interaction, Immunocytochemistry                                                                                                                     |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                         |
