| Clonality                   | Polyclonal                                                                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                              |
| Isotype                     | IgG                                                                                                                                                                             |
| Conjugate                   | Janelia Fluor 646                                                                                                                                                               |
| Purity                      | Antigen Affinity-purified                                                                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                              |
| Product Description         |                                                                                                                                                                                 |
| Host                        | Goat                                                                                                                                                                            |
| Gene ID                     | 9350                                                                                                                                                                            |
| Gene Symbol                 | CER1                                                                                                                                                                            |
| Species                     | Mouse                                                                                                                                                                           |
| Specificity/Sensitivity     | Detects mouse Cerberus 1 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 5% cross-reactivity with recombinant human Cerberus is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse Cerberus 1 Asp41-Pro272<br>Accession # O55233                                                                             |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                           |
| Product Application Details |                                                                                                                                                                                 |
| Applications                | Western Blot                                                                                                                                                                    |
| Recommended Dilutions       | Western Blot                                                                                                                                                                    |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                          |
