| Clonality                   | Polyclonal                                                                                                                                             |
| Preservative                | 0.05% Sodium Azide                                                                                                                                     |
| Isotype                     | IgG                                                                                                                                                    |
| Conjugate                   | DyLight 650                                                                                                                                            |
| Purity                      | Antigen Affinity-purified                                                                                                                              |
| Buffer                      | 50mM Sodium Borate                                                                                                                                     |
| Product Description         |                                                                                                                                                        |
| Host                        | Goat                                                                                                                                                   |
| Gene ID                     | 3949                                                                                                                                                   |
| Gene Symbol                 | LDLR                                                                                                                                                   |
| Species                     | Human                                                                                                                                                  |
| Specificity/Sensitivity     | Detects human LDL R in direct ELISAs and Western blots. In direct ELISAs, approximately 15% cross-reactivity with recombinant mouse LDL R is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant human LDL R Asp193-Arg788<br>Accession # P01130                                                |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                      |
| Product Application Details |                                                                                                                                                        |
| Applications                | Western Blot, Immunohistochemistry, Blockade of Receptor-ligand Interaction, Immunocytochemistry                                                       |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Blockade of Receptor-ligand Interaction, Immunocytochemistry                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                 |
