| <b>Host</b>                        | Goat                                                                                                                                                                                                                                                                                     |
| <b>Gene ID</b>                     | 10500                                                                                                                                                                                                                                                                                    |
| <b>Gene Symbol</b>                 | SEMA6C                                                                                                                                                                                                                                                                                   |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                                                                    |
| <b>Specificity/Sensitivity</b>     | Detects human Semaphorin 6C in direct ELISAs and Western blots. In direct ELISAs and Western blots, less than 1% cross-reactivity with recombinant human (rh) Sema 3A, rhSema 3B, rhSema 6A, rhSema 6B, rhSema 7A, recombinant mouse (rm) Sema 3C, rmSema 3E, and rmSema 3F is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Semaphorin 6C Ala25-Val601<br>Accession # Q9H3T2                                                                                                                                                                                   |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                        |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                          |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                                                                             |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                                                                             |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                   |
