| Product Description         |                                                                                                                                               |
| Host                        | Goat                                                                                                                                          |
| Gene ID                     | 5340                                                                                                                                          |
| Gene Symbol                 | PLG                                                                                                                                           |
| Species                     | Human                                                                                                                                         |
| Specificity/Sensitivity     | Detects human Angiostatin in direct ELISAs and Western blots. This antibody will also recognize human plasminogen.                            |
| Immunogen                   | <i>E. coli</i> -derived recombinant human Angiostatin Kringle 1-3 Val98-Ser358 with Cys188Ser & Cys316Ser substitutions<br>Accession # P00747 |
| Product Application Details |                                                                                                                                               |
| Applications                | Western Blot                                                                                                                                  |
| Recommended Dilutions       | Western Blot                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                        |
