| <b>Gene Symbol</b>                 | TNFAIP6                                                                                                                                                                                                                                              |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                |
| <b>Specificity/Sensitivity</b>     | Detects mouse TSG-6 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 45% cross-reactivity with recombinant human TSG-6 is observed and less than 2% cross-reactivity with recombinant mouse TSG-14 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse TSG-6 Trp18-Leu275<br>Accession # O08859                                                                                                                                                       |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                    |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                      |
| <b>Applications</b>                | Western Blot, Immunocytochemistry                                                                                                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Western Blot, Immunocytochemistry                                                                                                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                               |
