| <b>Gene Symbol</b>                 | FCN3                                                                                                                                                                                                                                      |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                     |
| <b>Specificity/Sensitivity</b>     | Detects human Ficolin-3 in direct ELISAs and Western blots. In direct ELISAs, less than 10% cross-reactivity with recombinant human (rh) Ficolin-1 is observed and less 1% cross-reactivity with rhFicolin-2 and rhTenascinR is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Ficolin-3<br>Lys22-Arg299<br>Accession # O75636-1                                                                                                                                   |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                         |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                           |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                              |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                              |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                    |
