| <b>Gene Symbol</b>                 | IL3                                                                                                                                                                                                                               |
| <b>Species</b>                     | Rat                                                                                                                                                                                                                               |
| <b>Specificity/Sensitivity</b>     | Detects rat IL-3 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 5% cross-reactivity with recombinant mouse IL-3 and less than 1% cross-reactivity with recombinant human IL-3 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant rat IL-3; Ile27-Cys169<br>Accession # P97688                                                                                                                                                  |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                 |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                   |
| <b>Applications</b>                | Western Blot, Immunocytochemistry, Neutralization                                                                                                                                                                                 |
| <b>Recommended Dilutions</b>       | Western Blot, Neutralization, Immunocytochemistry                                                                                                                                                                                 |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                            |
