| <b>Gene ID</b>                     | 2262                                                                                                                                                                                                                                                                                                    |
| <b>Gene Symbol</b>                 | GPC5                                                                                                                                                                                                                                                                                                    |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                                                                                   |
| <b>Specificity/Sensitivity</b>     | Detects mouse Glypican 5 in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 15% cross-reactivity with recombinant human (rh) Glypican 5 is observed and less than 1% cross-reactivity with recombinant mouse Glypican 2, rhGlypican 3, and rhGlypican 6 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse Glypican 5<br>Gly26-Gly549<br>Accession # Q8CAL5                                                                                                                                                                                                  |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                                       |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                                         |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                                                                                            |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                                                                                            |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                  |
