| <b>Clonality</b>                   | Polyclonal                                                                                                                                                                        |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                |
| <b>Isotype</b>                     | IgG                                                                                                                                                                               |
| <b>Conjugate</b>                   | FITC                                                                                                                                                                              |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                         |
| <b>Buffer</b>                      | PBS                                                                                                                                                                               |
| <b>Product Description</b>         |                                                                                                                                                                                   |
| <b>Host</b>                        | Goat                                                                                                                                                                              |
| <b>Gene ID</b>                     | 629                                                                                                                                                                               |
| <b>Gene Symbol</b>                 | CFB                                                                                                                                                                               |
| <b>Species</b>                     | Human                                                                                                                                                                             |
| <b>Specificity/Sensitivity</b>     | Detects human Complement Factor B in direct ELISAs and Western blots. In direct ELISAs, less than 2% cross-reactivity with recombinant human Complement Component C2 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human Complement Factor B<br>Thr26-Leu764 (Gln34Arg)<br>Accession # AAA16820                                                      |
| <b>Product Application Details</b> |                                                                                                                                                                                   |
| <b>Applications</b>                | Western Blot, Immunoprecipitation                                                                                                                                                 |
| <b>Recommended Dilutions</b>       | Western Blot, Immunoprecipitation                                                                                                                                                 |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                            |
