| <b>Gene Symbol</b>                 | FAM3D                                                                                                                                                                                                                                       |
| <b>Species</b>                     | Mouse                                                                                                                                                                                                                                       |
| <b>Specificity/Sensitivity</b>     | Detects mouse FAM3D in direct ELISAs and Western blots. In direct ELISAs, approximately 30% cross-reactivity with recombinant human (rh) FAM3D is observed and less than 1% cross reactivity with rhFAM3A, rhFAM3B and rhFAM3C is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant mouse FAM3D Trp39-Met224<br>Accession # P97805                                                                                                                                              |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                             |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                                |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                                |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                      |
