| <b>Gene ID</b>                     | 763                                                                                                                                                                                                                                   |
| <b>Gene Symbol</b>                 | CA5A                                                                                                                                                                                                                                  |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects human Carbonic Anhydrase VA/CA5A in direct ELISAs and Western blots. In direct ELISAs, approximately 4% cross-reactivity with recombinant human (rh) CA5B is observed and less than 1% cross-reactivity with rhCA2 and rhCA7. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant human Carbonic Anhydrase VA/CA5A Ala40-Ser305<br>Accession # P35218                                                                                                                               |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                     |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                       |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                |
