| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                                                                                      |
| Isotype                     | IgG                                                                                                                                                                                                                                                                                                     |
| Conjugate                   | DyLight 755                                                                                                                                                                                                                                                                                             |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                                                                                               |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                                                                                                                                      |
| Product Description         |                                                                                                                                                                                                                                                                                                         |
| Host                        | Goat                                                                                                                                                                                                                                                                                                    |
| Gene ID                     | 22986                                                                                                                                                                                                                                                                                                   |
| Gene Symbol                 | SORCS3                                                                                                                                                                                                                                                                                                  |
| Species                     | Mouse                                                                                                                                                                                                                                                                                                   |
| Specificity/Sensitivity     | Detects mouse SorCS3 in direct ELISAs and Western blots. In direct ELISAs, approximately 40% cross-reactivity with recombinant human SorCS3 is observed, approximately 7% cross-reactivity with recombinant mouse (rm) SorCS1 is observed, and less than 2% cross-reactivity with rmSorCS2 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant mouse SorCS3 Ala131-Ser1122<br>Accession # Q8VI51                                                                                                                                                                                                       |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                                       |
| Product Application Details |                                                                                                                                                                                                                                                                                                         |
| Applications                | Western Blot, Immunohistochemistry, Blockade of Receptor-ligand Interaction                                                                                                                                                                                                                             |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Blockade of Receptor-ligand Interaction                                                                                                                                                                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                  |
