| Clonality                   | Polyclonal                                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                                  |
| Conjugate                   | PE                                                                                                                                                                                   |
| Purity                      | Antigen Affinity-purified                                                                                                                                                            |
| Buffer                      | PBS                                                                                                                                                                                  |
| Product Description         |                                                                                                                                                                                      |
| Host                        | Goat                                                                                                                                                                                 |
| Gene ID                     | 5898                                                                                                                                                                                 |
| Gene Symbol                 | RALA                                                                                                                                                                                 |
| Species                     | Human, Mouse, Rat                                                                                                                                                                    |
| Specificity/Sensitivity     | Detects human, mouse and rat RalA in Western blots. When immunoblotted, no cross-reactivity with recombinant human (rh) RalB, rhH-Ras, rhN <sup>19</sup> Ras or rhK-Ras is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human RalA<br>Met1-Leu206<br>Accession # P11233                                                                                                  |
| Product Application Details |                                                                                                                                                                                      |
| Applications                | Western Blot                                                                                                                                                                         |
| Recommended Dilutions       | Western Blot                                                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                               |
