| Clonality                   | Polyclonal                                                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                             |
| Isotype                     | IgG                                                                                                                                                                            |
| Conjugate                   | Janelia Fluor 549                                                                                                                                                              |
| Purity                      | Antigen Affinity-purified                                                                                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                             |
| Product Description         |                                                                                                                                                                                |
| Host                        | Goat                                                                                                                                                                           |
| Gene ID                     | 335                                                                                                                                                                            |
| Gene Symbol                 | APOA1                                                                                                                                                                          |
| Species                     | Human                                                                                                                                                                          |
| Specificity/Sensitivity     | Detects human ApoA1 in direct ELISAs and Western blots. In Western blots, less than 1% cross-reactivity with recombinant human (rh) ApoA2, rhApoB100, and rhApoC2 is observed. |
| Immunogen                   | Human Plasma ApoA1 and <i>E. coli</i> -derived recombinant human ApoA1 Asp25-Gln267<br>Accession # P02647                                                                      |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                          |
| Product Application Details |                                                                                                                                                                                |
| Applications                | Western Blot                                                                                                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                         |
