CD160 Antibody [DyLight 680]

| Product Information         |                                                                                                                                 |
|-----------------------------|---------------------------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                                          |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                                     |
| Storage                     | Store at 4C in the dark.                                                                                                        |
| Clonality                   | Polyclonal                                                                                                                      |
| Preservative                | 0.05% Sodium Azide                                                                                                              |
| Isotype                     | IgG                                                                                                                             |
| Conjugate                   | DyLight 680                                                                                                                     |
| Purity                      | Antigen Affinity-purified                                                                                                       |
| Buffer                      | 50mM Sodium Borate                                                                                                              |
| Product Description         |                                                                                                                                 |
| Host                        | Sheep                                                                                                                           |
| Gene ID                     | 11126                                                                                                                           |
| Gene Symbol                 | CD160                                                                                                                           |
| Species                     | Mouse                                                                                                                           |
| Specificity/Sensitivity     | Detects mouse CD160 in direct ELISAs. In direct ELISAs, less than 1% cross-reactivity with recombinant human CD160 is observed. |
| Immunogen                   | Chinese hamster ovary cell line CHO-derived recombinant mouse CD160 Gly28-Ser160<br>Accession # AAH21596                        |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                               |
| Product Application Details |                                                                                                                                 |
| Applications                | Flow Cytometry, CyTOF-ready, Immunocytochemistry                                                                                |
| Recommended Dilutions       | Flow Cytometry, Immunocytochemistry, CyTOF-ready                                                                                |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                          |
