| Buffer                      | 50mM Sodium Borate                                                                                                                                       |
| Product Description         |                                                                                                                                                          |
| Host                        | Sheep                                                                                                                                                    |
| Gene ID                     | 63827                                                                                                                                                    |
| Gene Symbol                 | BCAN                                                                                                                                                     |
| Species                     | Human, Rat                                                                                                                                               |
| Specificity/Sensitivity     | Detects human Brevican in direct ELISAs and Western blots. In direct ELISAs, less than 20% cross-reactivity with recombinant mouse Brevican is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Brevican Asp23-Pro911<br>Accession # AAH27971                                                      |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                        |
| Product Application Details |                                                                                                                                                          |
| Applications                | Western Blot, Immunohistochemistry, Immunoprecipitation, Immunocytochemistry                                                                             |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Immunoprecipitation, Immunocytochemistry                                                                             |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                   |
