| Clonality                   | Polyclonal                                                                                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                                                                 |
| Isotype                     | IgG                                                                                                                                                                                                                                |
| Conjugate                   | PE                                                                                                                                                                                                                                 |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                                                          |
| Buffer                      | PBS                                                                                                                                                                                                                                |
| Product Description         |                                                                                                                                                                                                                                    |
| Host                        | Goat                                                                                                                                                                                                                               |
| Gene ID                     | 6375                                                                                                                                                                                                                               |
| Gene Symbol                 | XCL1                                                                                                                                                                                                                               |
| Species                     | Mouse                                                                                                                                                                                                                              |
| Specificity/Sensitivity     | Detects XCL1/Lymphotactin in direct ELISAs and Western blots. In direct ELISAs, less than 5% cross-reactivity with recombinant human (rh) GRO $\alpha$ , rhGRO $\beta$ , rhGRO $\gamma$ , and recombinant mouse MCP-5 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse XCL1/Lymphotactin                                                                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                                    |
| Applications                | Western Blot, Immunohistochemistry, Neutralization                                                                                                                                                                                 |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Neutralization                                                                                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                             |
