| <b>Buffer</b>                      | PBS                                                                                                                          |
| <b>Product Description</b>         |                                                                                                                              |
| <b>Host</b>                        | Goat                                                                                                                         |
| <b>Gene ID</b>                     | 8942                                                                                                                         |
| <b>Gene Symbol</b>                 | KYNU                                                                                                                         |
| <b>Species</b>                     | Human                                                                                                                        |
| <b>Specificity/Sensitivity</b>     | Detects human Kynureninase in direct ELISAs and Western blots.                                                               |
| <b>Immunogen</b>                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant human Kynureninase Met1-Asn465<br>Accession # Q16719 |
| <b>Product Application Details</b> |                                                                                                                              |
| <b>Applications</b>                | Western Blot, Immunoprecipitation, Neutralization                                                                            |
| <b>Recommended Dilutions</b>       | Western Blot, Immunoprecipitation, Neutralization                                                                            |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                       |
