| <b>Gene Symbol</b>                 | LRRTM1                                                                                                                                                                                                                             |
| <b>Species</b>                     | Human                                                                                                                                                                                                                              |
| <b>Specificity/Sensitivity</b>     | Detects human LRRTM1 in direct ELISAs and Western blots. In direct ELISAs, approximately 10% cross reactivity with recombinant human (rh) LRRTM2 is observed, and less than 5% cross reactivity rhLRRTM3 and rhLRRTM4 is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human LRRTM1 Ala35-Ile425<br>Accession # Q86UE6                                                                                                                                    |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                  |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                    |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                       |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                       |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                             |
