| Clonality                   | Polyclonal                                                                                                                                                           |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                   |
| Isotype                     | IgG                                                                                                                                                                  |
| Conjugate                   | DyLight 680                                                                                                                                                          |
| Purity                      | Antigen Affinity-purified                                                                                                                                            |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                   |
| Product Description         |                                                                                                                                                                      |
| Host                        | Sheep                                                                                                                                                                |
| Gene ID                     | 6259                                                                                                                                                                 |
| Gene Symbol                 | RYP                                                                                                                                                                  |
| Species                     | Human                                                                                                                                                                |
| Specificity/Sensitivity     | Detects human Ryk in direct ELISAs and Western blots. In direct ELISAs and Western blots, approximately 40% cross-reactivity with recombinant mouse Ryk is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant human Ryk Ala47-Thr224<br>Accession # NP_001005861                                                                   |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                    |
| Product Application Details |                                                                                                                                                                      |
| Applications                | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                            |
| Recommended Dilutions       | Western Blot, Flow Cytometry, CyTOF-ready                                                                                                                            |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                               |
