| <b>Buffer</b>                      | PBS                                                                                                                            |
| <b>Product Description</b>         |                                                                                                                                |
| <b>Host</b>                        | Sheep                                                                                                                          |
| <b>Gene ID</b>                     | 1233                                                                                                                           |
| <b>Gene Symbol</b>                 | CCR4                                                                                                                           |
| <b>Species</b>                     | Mouse                                                                                                                          |
| <b>Specificity/Sensitivity</b>     | Detects mouse CCR4 in direct ELISAs and Western blots.                                                                         |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant mouse CCR4<br>Met1-Glu39, Ala99-Lys111, Ser176-Ile205, Val268-Tyr284<br>Accession # P51680 |
| <b>Product Application Details</b> |                                                                                                                                |
| <b>Applications</b>                | Western Blot                                                                                                                   |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                   |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                         |
