| Host                        | Goat                                                                                                                                                                                                                                                                                                                                     |
| Gene ID                     | 2047                                                                                                                                                                                                                                                                                                                                     |
| Gene Symbol                 | EPHB1                                                                                                                                                                                                                                                                                                                                    |
| Species                     | Rat                                                                                                                                                                                                                                                                                                                                      |
| Specificity/Sensitivity     | Detects rat EphB1 in direct ELISAs and Western blots. In direct ELISAs, less than 5% cross-reactivity with recombinant mouse (rm) EphA3, rmEphA4, rmEphB2, rmEphB3, rmEphB4, and rmEphB6 is observed, less than 1% cross-reactivity with recombinant human (rh) EphA1, rhEphA5, rmEphA7, rmEphA8, and recombinant rat EphA5 is observed. |
| Immunogen                   | Mouse myeloma cell line NS0-derived recombinant rat EphB1 Met18-Gln538<br>Accession # P09759                                                                                                                                                                                                                                             |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                                                                        |
| Product Application Details |                                                                                                                                                                                                                                                                                                                                          |
| Applications                | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready                                                                                                                                                                                                                                                                          |
| Recommended Dilutions       | Western Blot, Flow Cytometry, Immunohistochemistry, CyTOF-ready                                                                                                                                                                                                                                                                          |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                                                   |
