| Storage                     | Store at 4C in the dark.                                                                                                                                                          |
| Clonality                   | Polyclonal                                                                                                                                                                        |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                |
| Isotype                     | IgG                                                                                                                                                                               |
| Conjugate                   | Biotin                                                                                                                                                                            |
| Purity                      | Antigen Affinity-purified                                                                                                                                                         |
| Buffer                      | PBS                                                                                                                                                                               |
| Product Description         |                                                                                                                                                                                   |
| Host                        | Sheep                                                                                                                                                                             |
| Gene ID                     | 9546                                                                                                                                                                              |
| Gene Symbol                 | APBA3                                                                                                                                                                             |
| Species                     | Human                                                                                                                                                                             |
| Specificity/Sensitivity     | Detects human APBA3 in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human (rh) X11- $\alpha$ and rhX11- $\beta$ is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human APBA3<br>Met1-Leu138<br>Accession # O96018                                                                                              |
| Product Application Details |                                                                                                                                                                                   |
| Applications                | Western Blot                                                                                                                                                                      |
| Recommended Dilutions       | Western Blot                                                                                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                            |
