| Product Description         |                                                                                                                                                          |
| Host                        | Sheep                                                                                                                                                    |
| Gene ID                     | 10551                                                                                                                                                    |
| Gene Symbol                 | AGR2                                                                                                                                                     |
| Species                     | Human                                                                                                                                                    |
| Specificity/Sensitivity     | Detects human AG-2/AGR2 in direct ELISA and Western blots. In direct ELISAs, approximately 20% cross-reactivity with recombinant human AG-3 is observed. |
| Immunogen                   | E. coli-derived recombinant human AG-2/AGR2<br>Arg21-Leu175<br>Accession # O95994                                                                        |
| Product Application Details |                                                                                                                                                          |
| Applications                | Western Blot, Immunohistochemistry                                                                                                                       |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                   |
