| <b>Clonality</b>                   | Polyclonal                                                                                                                                                                       |
| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                               |
| <b>Isotype</b>                     | IgG                                                                                                                                                                              |
| <b>Conjugate</b>                   | DyLight 680                                                                                                                                                                      |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                        |
| <b>Buffer</b>                      | 50mM Sodium Borate                                                                                                                                                               |
| <b>Product Description</b>         |                                                                                                                                                                                  |
| <b>Host</b>                        | Sheep                                                                                                                                                                            |
| <b>Gene ID</b>                     | 1000                                                                                                                                                                             |
| <b>Gene Symbol</b>                 | CDH2                                                                                                                                                                             |
| <b>Species</b>                     | Human, Mouse, Rat                                                                                                                                                                |
| <b>Specificity/Sensitivity</b>     | Detects human, mouse, and rat N-Cadherin in Western blots. In direct ELISA, less than 10% cross-reactivity with recombinant human (rh) E-Cadherin, and rhR-Cadherin is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human N-Cadherin Asp160-Ala724<br>Accession # P19022                                                                             |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                |
| <b>Product Application Details</b> |                                                                                                                                                                                  |
| <b>Applications</b>                | Western Blot, ELISA, Flow Cytometry, Immunohistochemistry, CyTOF-ready, Immunocytochemistry                                                                                      |
| <b>Recommended Dilutions</b>       | Western Blot, Flow Cytometry, ELISA, Immunohistochemistry, Immunocytochemistry, CyTOF-ready                                                                                      |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                           |
