| <b>Gene ID</b>                     | 7474                                                                                                                                                                                                                                                                       |
| <b>Gene Symbol</b>                 | WNT5A                                                                                                                                                                                                                                                                      |
| <b>Species</b>                     | Mouse, Rat                                                                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects mouse and rat Wnt-5a in direct ELISAs and Western blots. In direct ELISAs, approximately 5% cross-reactivity with recombinant mouse (rm) Wnt-5b is observed and less than 2% cross-reactivity with rmWnt-1, rmWnt-3a, rmWnt-4, rmWnt-11, and rmWnt-16 is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant mouse Wnt-5a peptide<br>Gln254-Cys334<br>Accession # P22725                                                                                                                                                                            |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                          |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                            |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                                                                                                         |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                                                                                                         |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                     |
