| Buffer                      | PBS                                                                                                                                   |
| Product Description         |                                                                                                                                       |
| Host                        | Rabbit                                                                                                                                |
| Gene ID                     | 3320                                                                                                                                  |
| Gene Symbol                 | HSP90AA1                                                                                                                              |
| Species                     | Human                                                                                                                                 |
| Specificity/Sensitivity     | Detects human HSP90 $\alpha$ in Western blots. In Western blots no cross-reactivity with recombinant human HSP90 $\beta$ is observed. |
| Immunogen                   | Human HSP90 $\alpha$ isoform 1 synthetic peptide<br>Asp702-Met716<br>Accession # P07900                                               |
| Product Application Details |                                                                                                                                       |
| Applications                | Western Blot, Knockout Validated                                                                                                      |
| Recommended Dilutions       | Western Blot, Knockout Validated                                                                                                      |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                |
