RIAM/APBB1IP Antibody [DyLight 680]

| Product Information         |                                                                                                                |
|-----------------------------|----------------------------------------------------------------------------------------------------------------|
| Unit Size                   | 0.1 ml                                                                                                         |
| Concentration               | Please see the vial label for concentration. If unlisted please contact technical services.                    |
| Storage                     | Store at 4C in the dark.                                                                                       |
| Clonality                   | Polyclonal                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                             |
| Isotype                     | IgG                                                                                                            |
| Conjugate                   | DyLight 680                                                                                                    |
| Purity                      | Antigen Affinity-purified                                                                                      |
| Buffer                      | 50mM Sodium Borate                                                                                             |
| Product Description         |                                                                                                                |
| Host                        | Sheep                                                                                                          |
| Gene ID                     | 54518                                                                                                          |
| Gene Symbol                 | APBB1IP                                                                                                        |
| Species                     | Human, Mouse                                                                                                   |
| Specificity/Sensitivity     | Detects recombinant human RIAM/APBB1IP in direct ELISAs. Detects human and mouse RIAM/APBB1IP in Western blots |
| Immunogen                   | <i>E. coli</i> -derived recombinant human RIAM/APBB1IP<br>Gly2-Ser89<br>Accession # Q7Z5R6                     |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                              |
| Product Application Details |                                                                                                                |
| Applications                | Western Blot, Immunocytochemistry                                                                              |
| Recommended Dilutions       | Western Blot, Immunocytochemistry                                                                              |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                         |
