| Storage                     | Store at 4C in the dark.                                                                                                                                                                      |
| Clonality                   | Polyclonal                                                                                                                                                                                    |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                            |
| Isotype                     | IgG                                                                                                                                                                                           |
| Conjugate                   | Janelia Fluor 669                                                                                                                                                                             |
| Purity                      | Antigen Affinity-purified                                                                                                                                                                     |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                            |
| Product Description         |                                                                                                                                                                                               |
| Host                        | Goat                                                                                                                                                                                          |
| Gene ID                     | 6355                                                                                                                                                                                          |
| Gene Symbol                 | CCL8                                                                                                                                                                                          |
| Species                     | Mouse                                                                                                                                                                                         |
| Specificity/Sensitivity     | Detects mouse CCL8/MCP-2 in direct ELISAs and Western blots. In direct ELISAs, less than 10% cross-reactivity with recombinant human (rh) MCP-2 and recombinant mouse (rm) MCP-5 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse CCL8/MCP-2<br>Glu20-Pro97<br>Accession # Q9Z121                                                                                                     |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                                                         |
| Product Application Details |                                                                                                                                                                                               |
| Applications                | Western Blot                                                                                                                                                                                  |
| Recommended Dilutions       | Western Blot                                                                                                                                                                                  |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                        |
