| Storage                     | Store at 4C in the dark.                                                                                                                                           |
| Clonality                   | Polyclonal                                                                                                                                                         |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                 |
| Isotype                     | IgG                                                                                                                                                                |
| Conjugate                   | Janelia Fluor 549                                                                                                                                                  |
| Purity                      | Antigen Affinity-purified                                                                                                                                          |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                 |
| Product Description         |                                                                                                                                                                    |
| Host                        | Goat                                                                                                                                                               |
| Gene ID                     | 3481                                                                                                                                                               |
| Gene Symbol                 | IGF2                                                                                                                                                               |
| Species                     | Mouse                                                                                                                                                              |
| Specificity/Sensitivity     | Detects mouse IGF-II/IGF2 in direct ELISAs and Western blots. In direct ELISAs, approximately 50% cross-reactivity with recombinant human IGF-II/IGF2 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant mouse IGF-II/IGF2<br>Ala25-Glu91<br>Accession # P09535                                                                         |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                                              |
| Product Application Details |                                                                                                                                                                    |
| Applications                | Western Blot, Immunohistochemistry, Neutralization                                                                                                                 |
| Recommended Dilutions       | Western Blot, Immunohistochemistry, Neutralization                                                                                                                 |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                             |
