| <b>Preservative</b>                | 0.05% Sodium Azide                                                                                                                                                                                                    |
| <b>Isotype</b>                     | IgG                                                                                                                                                                                                                   |
| <b>Conjugate</b>                   | PE                                                                                                                                                                                                                    |
| <b>Purity</b>                      | Antigen Affinity-purified                                                                                                                                                                                             |
| <b>Buffer</b>                      | PBS                                                                                                                                                                                                                   |
| <b>Product Description</b>         |                                                                                                                                                                                                                       |
| <b>Host</b>                        | Sheep                                                                                                                                                                                                                 |
| <b>Gene ID</b>                     | 653145                                                                                                                                                                                                                |
| <b>Gene Symbol</b>                 | ANXA8                                                                                                                                                                                                                 |
| <b>Species</b>                     | Human                                                                                                                                                                                                                 |
| <b>Specificity/Sensitivity</b>     | Detects human Annexin A8/ANXA8 in direct ELISAs and Western blots. In direct ELISAs, less than 5% cross-reactivity with recombinant human (rh) ANXA4, rhANXA5, rhANXA6, rhANXA7, rhANXA11, and rhANXA13A is observed. |
| <b>Immunogen</b>                   | <i>E. coli</i> -derived recombinant human Annexin A8/ANXA8<br>Ala2-Pro327<br>Accession # P13928                                                                                                                       |
| <b>Product Application Details</b> |                                                                                                                                                                                                                       |
| <b>Applications</b>                | Western Blot, Immunohistochemistry                                                                                                                                                                                    |
| <b>Recommended Dilutions</b>       | Western Blot, Immunohistochemistry                                                                                                                                                                                    |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                |
