| Clonality                   | Polyclonal                                                                                                                               |
| Preservative                | 0.05% Sodium Azide                                                                                                                       |
| Isotype                     | IgG                                                                                                                                      |
| Conjugate                   | Janelia Fluor 669                                                                                                                        |
| Purity                      | Antigen Affinity-purified                                                                                                                |
| Buffer                      | 50mM Sodium Borate                                                                                                                       |
| Product Description         |                                                                                                                                          |
| Host                        | Goat                                                                                                                                     |
| Gene ID                     | 330                                                                                                                                      |
| Gene Symbol                 | BIRC3                                                                                                                                    |
| Species                     | Human                                                                                                                                    |
| Specificity/Sensitivity     | Detects human cIAP $\alpha$ 2/HiAP $\alpha$ 1 in Western blots. In Western blots, less than 1% cross-reactivity with cIAP-1 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human cIAP $\alpha$ 2/HiAP $\alpha$ 1<br>Asn2-Ser604<br>Accession # U45878                           |
| Notes                       | Sold under license from the Howard Hughes Medical Institute, Janelia Research Campus.                                                    |
| Product Application Details |                                                                                                                                          |
| Applications                | Western Blot, Immunohistochemistry                                                                                                       |
| Recommended Dilutions       | Western Blot, Immunohistochemistry                                                                                                       |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                   |
