| Buffer                      | PBS                                                                                                                                 |
| Product Description         |                                                                                                                                     |
| Host                        | Goat                                                                                                                                |
| Gene ID                     | 6346                                                                                                                                |
| Gene Symbol                 | CCL1                                                                                                                                |
| Species                     | Mouse                                                                                                                               |
| Specificity/Sensitivity     | Detects mouse CCL1 in direct ELISAs and Western blots.                                                                              |
| Immunogen                   | <i>S. frugiperda</i> insect ovarian cell line Sf 21-derived recombinant mouse CCL1/I-309/TCA-3<br>Lys24-Cys92<br>Accession # P10146 |
| Product Application Details |                                                                                                                                     |
| Applications                | Western Blot, Neutralization                                                                                                        |
| Recommended Dilutions       | Western Blot, Neutralization                                                                                                        |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                              |
