| <b>Host</b>                        | Goat                                                                                                                                                                                                                                                                                                                             |
| <b>Gene ID</b>                     | 8718                                                                                                                                                                                                                                                                                                                             |
| <b>Gene Symbol</b>                 | TNFRSF25                                                                                                                                                                                                                                                                                                                         |
| <b>Species</b>                     | Human                                                                                                                                                                                                                                                                                                                            |
| <b>Specificity/Sensitivity</b>     | Detects human DR3/TNFRSF25 in direct ELISAs and Western blots. In direct ELISAs, approximately 5% cross-reactivity with recombinant mouse DR3 is observed, and less than 1% cross-reactivity with recombinant human (rh) Fas, rhTNF RI, rhDR6, rh4-1BB, rhCD27, rhCD30, rhCD40, rhGITR, rhHVEM, rhTNF RII and rhOPG is observed. |
| <b>Immunogen</b>                   | Mouse myeloma cell line NS0-derived recombinant human DR3/TNFRSF25 Gln25-Phe201 Accession # Q93038                                                                                                                                                                                                                               |
| <b>Notes</b>                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                                                                                                                                                                |
| <b>Product Application Details</b> |                                                                                                                                                                                                                                                                                                                                  |
| <b>Applications</b>                | Western Blot                                                                                                                                                                                                                                                                                                                     |
| <b>Recommended Dilutions</b>       | Western Blot                                                                                                                                                                                                                                                                                                                     |
| <b>Application Notes</b>           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                                                                                                                                                           |
