| Clonality                   | Polyclonal                                                                                                                                     |
| Preservative                | 0.05% Sodium Azide                                                                                                                             |
| Isotype                     | IgG                                                                                                                                            |
| Conjugate                   | PE                                                                                                                                             |
| Purity                      | Antigen Affinity-purified                                                                                                                      |
| Buffer                      | PBS                                                                                                                                            |
| Product Description         |                                                                                                                                                |
| Host                        | Goat                                                                                                                                           |
| Gene ID                     | 23529                                                                                                                                          |
| Gene Symbol                 | CLCF1                                                                                                                                          |
| Species                     | Human                                                                                                                                          |
| Specificity/Sensitivity     | Detects human CLC in direct ELISAs and Western blots. In direct ELISAs, less than 1% cross-reactivity with recombinant human CT-1 is observed. |
| Immunogen                   | <i>E. coli</i> -derived recombinant human CLC Leu28-Phe225 Accession # Q9UBD9                                                                  |
| Product Application Details |                                                                                                                                                |
| Applications                | Western Blot                                                                                                                                   |
| Recommended Dilutions       | Western Blot                                                                                                                                   |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                         |
