PINK1 Antibody [Alexa Fluor® 488]

Unit Size  Concentration  Please see the vial label for concentration. If unlisted please contact technical services.  Storage  Store at 4C in the dark.  Clonality  Polyclonal  Preservative  0.05% Sodium Azide  Isotype  IgG  Conjugate  Alexa Fluor 488  Purity  Immunogen affinity purified  Buffer  50mM Sodium Borate  Product Description  Host  Rabbit  Gene ID  65018  Gene ID  65018  Gene Symbol  PINK1  Species  Human, Mouse, Rat, Rabbit  Species  Human, Mouse, Rat, Rabbit  Species  Human, Mouse reported in scientific literature (PMID:33775690). All species in which poly(GP) peptides are synthesized. Human reactivity reported in multiple pieces of scientific literature.  Specificity/Sensitivity  Immunogen  PINK1 antibody was developed using a synthetic peptide made to the human PINK1 protein sequence (between residues 175-250). [Swiss-Prot Q9BZM7]  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product and components of the product only in research conducted by the buyer (whether the buyer is an academic or for-profit entity). The sale of this product are revenue, which may include, but is not limited to use of the product or its components; or any materials made using the product or its components, or any materials made using the product or its components, or any materials made using the product or its components; or in materials made using the product or its components; or in materials made using the product or its components; or in materials made using the product or its components; or prophylactic purposes or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Li	FINAT Antibody [Alexa Fidol® 466]		
Please see the vial label for concentration. If unlisted please contact technical services.	Product Information		
Services.  Storage  Storage  Storage  Storage  Storage 4 4C in the dark.  Clonality  Polyclonal  Preservative  0.05% Sodium Azide  Isotype  IgG  Conjugate  Alexa Fluor 488  Purity  Immunogen affinity purified  Buffer  SomM Sodium Borate  Product Description  Host  Gene ID  65018  Gene Symbol  PINK1  Species  Human, Mouse, Rat, Rabbit  Gene Symbol  PINK1  Species  Human, Mouse reported in scientific literature (PMID:33775690), All species in which poly(GP) peptides are synthesized. Human reactivity reported in multiple pieces of scientific literature.  Specificity/Sensitivity  Human PINK1 Antibody will be reactive to isoform 2.  Immunogen  PINK1 antibody was developed using a synthetic peptide made to the human PINK1 protein sequence (between residues 175-250). [Swiss-Prot Q9BXM7]  Notes  Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product conveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer (whether the buyer is an academic of for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components; (i) in manufacturing; (ii) to provide a service, information, or any materials made using the product or its components; (ii) in manufacturing; (ii) to provide a service, information, or path return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for use in research. For information on purchasing a license to this product for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5731 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volum	Unit Size	0.1 ml	
Clonality Polyclonal  Preservative 0.05% Sodium Azide  Isotype 1gG  Conjugate Alexa Fluor 488  Purity Immunogen affinity purified  Buffer 50mM Sodium Borate  Product Description  Host Rabbit  Gene ID 65018  Gene Symbol PINK1  Species Human, Mouse, Rat, Rabbit  Reactivity Notes Use in Mouse reported in scientific literature (PMID:33775690). All species in which poly(GP) peptides are synthesized. Human reactivity reported in multiple pieces of scientific literature.  Specificity/Sensitivity Human PINK1 Antibody will be reactive to isoform 2.  Immunogen PINK1 antibody was developed using a synthetic peptide made to the human PINK1 protein sequence (between residues 175-250). [Swiss-Prot Q9BXM7]  Notes Alexa Fluor (R) products are provided under an intellectual property license from Life Technologies Corporation. The purchase of this product onveys to the buyer the non-transferable right to use the purchased product and components of the product only in research conducted by the buyer whether the buyer is an academic or for-profit entity). The sale of this product is expressly conditioned on the buyer not using the product or its components, or any materials made using the product or its components, in any activity to generate revenue, which may include, but is not limited to use of the product or its components (i) in manufacturing; (ii) to provide a service, information, or data in return for payment; (iii) for therapeutic, diagnostic or prophylactic purposes; or (iv) for resale, regardless of whether they are resold for use in research. For information on purchasing a license to this product for purposes other than as described above, contact Life Technologies Corporation, 5791 Van Allen Way, Carlsbad, CA 92008 USA or outlicensing@lifetech.com. This conjugate is made on demand. Actual recovery may vary from the stated volume of this product. The volume will be greater than or equal to the unit size stated on the datasheet.
