|---------------------------------------|---|
| Product Information                   |   |
| Unit Size                             | 0.1 ml  |
| Concentration                         | Please see the vial label for concentration. If unlisted please contact technical services.                           |
| Storage                               | Store at 4C in the dark.  |
| Clonality                             | Monoclonal  |
| Clone                                 | 1002932   |
| Preservative                          | 0.05% Sodium Azide  |
| Isotype                               | lgG2b   |
| Conjugate                             | DyLight 680   |
| Purity                                | Protein A or G purified from hybridoma culture supernatant  |
| Buffer                                | 50mM Sodium Borate  |
| Product Description                   |   |
| Host                                  | Mouse   |
| Gene ID                               | 374383  |
| Species                               | Cynomolgus Monkey   |
| Specificity/Sensitivity               | Detects Cynomolgus Monkey B7 H6 in direct ELISAs. In direct ELISAs, no cross-reactivity with human B7-H6 is observed. |
| Immunogen                             | Human embryonic kidney cell, HEK293-derived cynomolgus Monkey B7-H6<br>Asp25-Ser262                                   |
| Notes                                 | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                     |
| Product Application Details           |   |
| Applications                          | Flow Cytometry, CyTOF-ready   |
| <b>Recommended Dilutions</b>          | Flow Cytometry, CyTOF-ready   |
| Application Notes                     | Optimal dilution of this antibody should be experimentally determined.  |
|                                       |   |
