| Clonality                   | Monoclonal                                                                                                                                                                             |
| Clone                       | 1035240                                                                                                                                                                                |
| Preservative                | 0.05% Sodium Azide                                                                                                                                                                     |
| Isotype                     | IgG2a                                                                                                                                                                                  |
| Conjugate                   | DyLight 405                                                                                                                                                                            |
| Purity                      | Protein A or G purified from hybridoma culture supernatant                                                                                                                             |
| Buffer                      | 50mM Sodium Borate                                                                                                                                                                     |
| Product Description         |                                                                                                                                                                                        |
| Host                        | Mouse                                                                                                                                                                                  |
| Species                     | SARS-CoV-2                                                                                                                                                                             |
| Specificity/Sensitivity     | In a functional flow cytometry assay, this antibody binds and blocks SARS-CoV-2 Spike RBD interaction with human ACE-2 transfectants. Detects SARS-CoV-2 Spike RBD in sandwich ELISAs. |
| Immunogen                   | HEK293 Human embryonic kidney cell -derived SARS-CoV-2 Spike S1 Met1-Tyr674 Accession # YP_009724390.1                                                                                 |
| Notes                       | DyLight (R) is a trademark of Thermo Fisher Scientific Inc. and its subsidiaries.                                                                                                      |
| Product Application Details |                                                                                                                                                                                        |
| Applications                | ELISA, Blockade of Receptor-ligand Interaction                                                                                                                                         |
| Recommended Dilutions       | ELISA, Blockade of Receptor-ligand Interaction                                                                                                                                         |
| Application Notes           | Optimal dilution of this antibody should be experimentally determined.                                                                                                                 |
